

PROJECT DOCUMENTATION: SYSTEM SCREENSHOT MANIFEST

1. Core Dashboard & Telemetry HUD

Exhibit A: Core Board Canvas

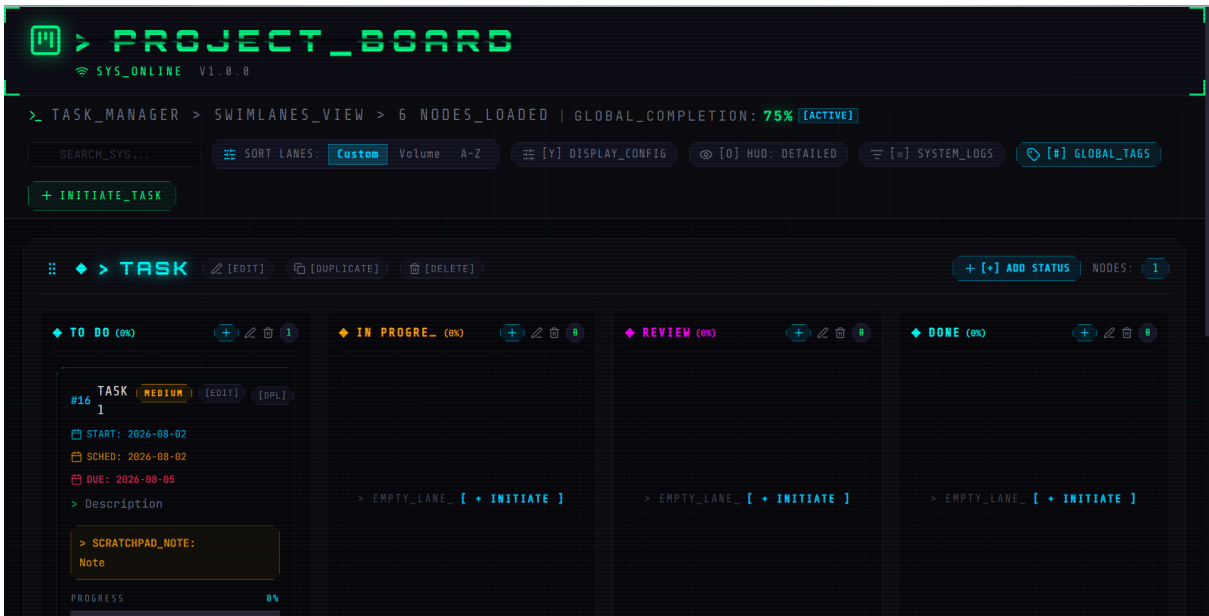

Exhibit B: Dynamic Glitch Title

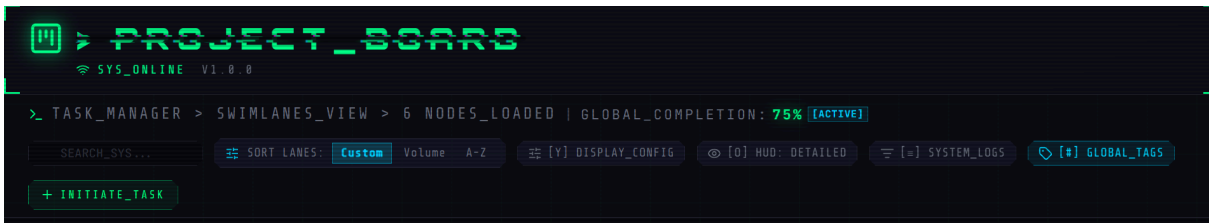

Exhibit C: HUD Telemetry Mode Toggle

1. **[ACTIVE] Mode:** Telemetry tracking excluding 0% baseline tasks (e.g., 33%).

2. **[RAW] Mode:** Full pipeline aggregate view including all 0% nodes.

| GLOBAL_COMPLETION: 25% [RAW]

2. Component Architecture & Cross-Lane Layouts

Exhibit D: Workspace Swimlanes

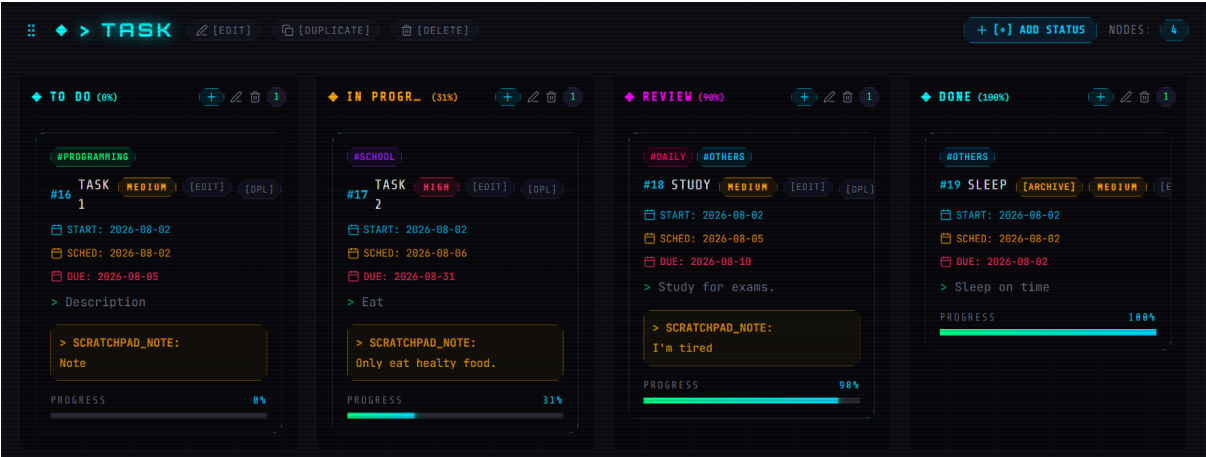

Exhibit E: Cross-Lane Manifest [Active State]

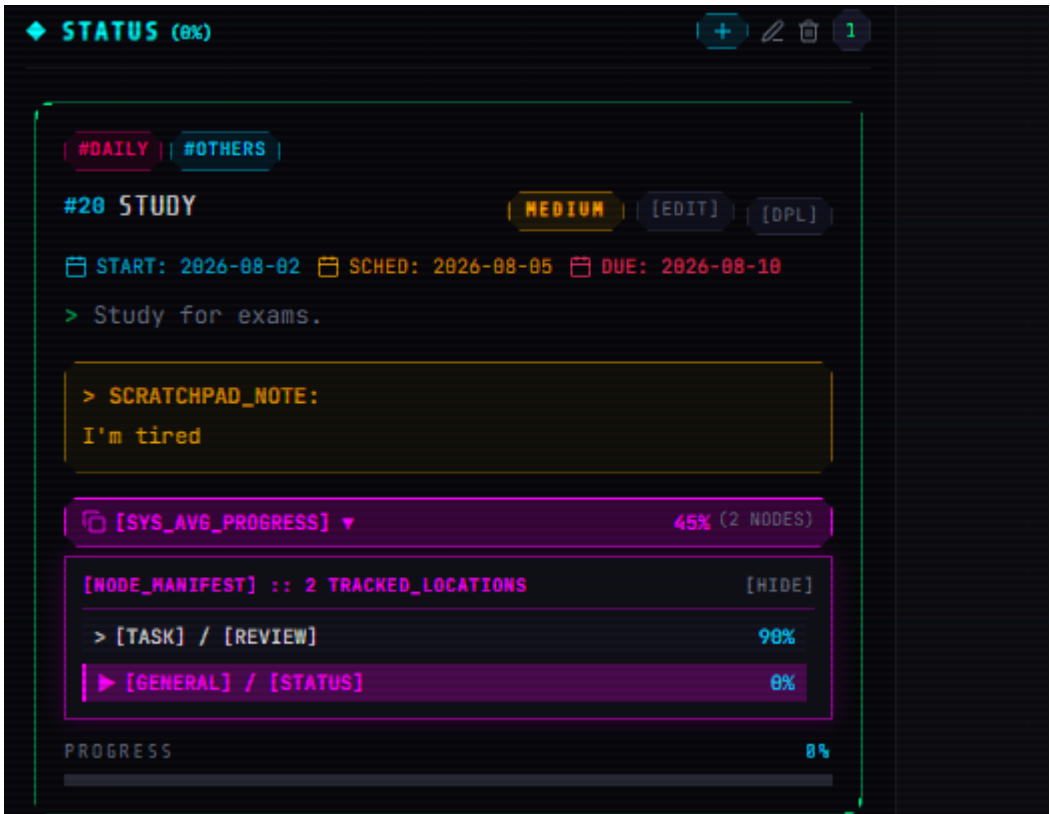

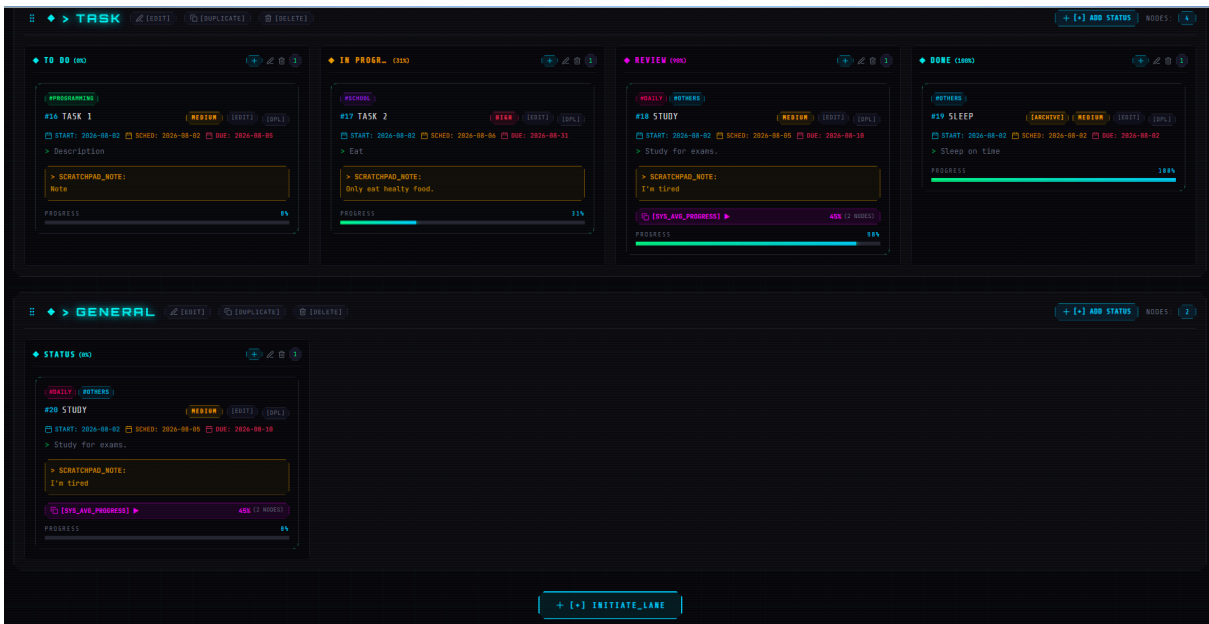

Exhibit F: Cross-Lane Manifest [Muted State]

Visual Markers: Verification that the conditional logic successfully hides the purple manifest box completely to preserve layout hierarchy, leaving only the primary cyan **PROGRESS** bar tracking at the bottom.

3. Data Mutation Controls & Console Terminals

Exhibit G: Progress Override Console
